

Abdul Sami

Associate Full Stack Engineer

Mail: abdulsami699@gmail.com | **Contact:** 0312-4324248 | [LinkedIn](#)

SUMMARY

Motivated Software Engineer with hands-on experience in full-stack development and a strong foundation in web architecture, database systems, and object-oriented programming. Passionate about building scalable, user-focused applications and continuously learning new technologies. Experienced in working both independently and within teams to deliver high-quality solutions. Eager to contribute to product-driven environments and create impactful user experiences.

TECHNICAL SKILLS

Programming: JavaScript, TypeScript, SQL

Core Concepts: Object-Oriented Programming (OOP), MVC Architecture, Web Architecture

Frameworks: React.js, Next.js, Express.js, Vue.js

Databases: MongoDB, PostgreSQL

Tools: Git, Postman, VS Code, Figma

PROFESSIONAL EXPERIENCE

Associate Software Engineer – Mindstorm

- Built a prototype content management system with Nuxt.js frontend and FeathersJS + PostgreSQL backend.
- Participated in Agile development cycles, collaborating with team members to design and test features.
- Applied OOP principles and design patterns to improve maintainability of the application.

Associate Software Engineer – Devline Solutions

- Built and enhanced web applications using modern JavaScript frameworks
 - Applied clean code principles and OOP concepts in development
 - Contributed to debugging, optimization, and feature delivery
-

PROJECTS

Correctia – Web Application ([Live Link](#)): An AI-based platform for generating interactive learning content with integrated payment system

Technologies Used: Next.js, Node.js, AI APIs

Heartland Rehab – Web Application ([Live Link](#)): A portfolio website for a therapy clinic with e-commerce functionality and admin panel

Technologies Used: Next.js, Node.js, MongoDB

Khalid Enterprises – Web Application ([You Tube](#)): A business management system for handling inventory, employees, and company operations

Technologies Used: MERN

EDUCATION

University of Engineering and Technology(November 2021 – June 2025)

Bachelors in Computer Science

CGPA: 3.34
